

Call me anytime

Available 24 hours a day,
7 days a week.

Visit us at bellmts.ca/accessibility

The Bell MTS Relay Service allows deaf, deafened, people with hearing loss and people with speech disabilities to communicate by phone. Professionally trained operators act as intermediaries to facilitate the call. All calls are strictly confidential and the service is free.

You can reach me through Bell MTS IP Relay:

Name: _____

User ID: _____

To reach me, follow these simple steps:

1. Dial 1 877 258-5606.
2. Give the operator your name, area code and telephone number.
3. Then give my name and User ID.
4. The operator will set up an online chat session with me and tell you to go ahead when I answer.

Remember, the operator will have to relay the information so please speak slowly.
